Students, Books and God

Dear Friends,

As the weather turns chilly here in Hungary, our family has settled into a new normal. The kids are doing well while Ingrid and I keep very busy with our ministry. This month I'd like to share with you a little more about what Ingrid is doing.

Her staff assignment is as a teacher at the International Christian School of Budapest. We've told you a bit about ICSB before and it is a great place, not only for our kids but for our family to

connect with others. Ingrid is there full time, teaching 6th, 7th and 8th grade math as well as 6th grade computers.

Her students come from all over the world; places like the US, Canada, Hungary, Bulgaria, Albania, Romania and more. Some are native English speakers, some have a high proficiency in English and some are learning it for the very first time.

Combining cultural and language issues with the fact that math is not taught the same way in different

countries and it makes for a challenging environment. But Ingrid is loving her time with her students.

A number of Ingrid's students do not have a personal relationship with Jesus Christ. This means she has an awesome opportunity not only to teach and serve the missionary community but also to share about God right in her classroom.

The school is a critical resource for missionary families here in Europe. Many people are able to serve more effectively due to the care the school provides for their children. We are so thankful that you make it possible for us to be a part of that. Thank you for your prayers and support

Yours in Christ,

JR, Ingrid, Rachel, Hannah and Eddie

Prayer Requests:

- Our residence permits have been delayed due to heavy workloads at the immigration office. Please pray that we would receive them soon. Our tourist visas have expired and getting our residence visas is important.
- Pray for wisdom for Ingrid as she ministers to and teaches this incredibly diverse group of students. Pray also that those who don't follow Christ, would.
