God at Work In and Through Romania

Dear Friends,

Georgiana is a young woman who felt that she didn't have many options. Romania is a country with a growing economy but is still relatively poor compared to much of Europe and jobs can be hard to come by for young people.

The great internet infrastructure available in Bucharest has led to one industry really booming, video chat rooms. Owners can make a lot of money exploiting young people looking for a way to make a living. Georgiana thought that was going to be her path.

Fortunately God intervened and Georgiana heard the gospel and came to Christ. Her life has taken a completely different turn and she is now a recent graduate of an exciting mentoring program in Romania that partners Christian business leaders with young

people. They are mentored in developing strategies for three components of their life, business, social and spiritual. We praise God for rescuing Georgiana from being exploited in this world and even moreso for rescuing her from an eternity apart from him.

Fata is in much different circumstances. Her mother is Romanian but she lives in Yemen. Curiosity about God lead her to everystudent.ro and there she came to faith in Christ.

She is now connected via email with one of our staff in Romania and is learning about what it means to live the Christian life. Political and geographic boundaries cannot stop what God is doing. You can check out everystudent.ro yourself and maybe learn a little Romanian while you are there.

Thank you for being a part of reaching these people and so many others with the Good News.

Prayer Requests:

- Please pray for JR as he travels to Manila on the 21st and returns March 4th.
- This month we thank God for Eddie and Hannah. Eddie turns 10 on the 21st and Hannah turns 13 on the 22nd.

- Please pray for our family as we begin to plan our trip to the US this summer. We will be visiting family, visiting friends and raising support.

There are a lot of details to work out for our time and we would appreciate your prayers now that we would be able to get it all organized and that it would be a productive trip.
