

The Peck Family

Serving in Central and Eastern Europe

JANUARY/MARCH 2019

Ministry Continues in Ukraine

As many of you know, Ukraine has been involved in a military conflict since 2014. While it is not as much at the front of the news as it was in the past, the war continues but our ministry continues as well.

“Love is...”

Recently student ministry staff in Ukraine did a series of events and retreats around Valentines day that focused on what love is and God. Many of these events were run by student volunteers, who are being trained by Cru staff to share their faith and build movements among their peers.

Student from Bakhmut, a city close to the front lines of the fighting attended a retreat in early February and committed to doing a Valentines outreach at their school for Valentines day. It is not an easy thing for Ukrainian students to talk to people they don't know well about God and Love but they did it.

As the fighting continues, people remain displaced and soldiers give their lives, Cru in Ukraine is committed to continue sharing the Gospel with those that need to hear it.

Big Changes for Us

For us, life keeps moving in the midst of constant change. Rachel is

right now finishing her freshman year at Liberty University.

Hannah will graduate from high school this summer and move to the U.S.A. as well. These are big changes for us.

We are thankful for God's calling on our lives and our opportunity to serve Him in Central and Eastern Europe. We couldn't do it without Him and we couldn't do it without all of you that pray and support our ministry.

Thank you!

JR and Ingrid Peck

For the whole Peck Family

P.S. - If we can pray for you, email us or message us on facebook. We would love to do that.

Prayer Requests

- Please pray for Hannah as she makes her final choice about where she will go to college in the U.S. starting this fall.
- Please pray for us as we look for a new house to rent. Our current landlord is selling the house we live in now and we need to find a new place that we can afford.
- Please pray for the successful implementation of a new finance system in all of our countries this year.
